PROFESSIONAL SUMMARY

Senior mobile developer with 6+ years of experience building high-performance, cross-platform applications for iOS and Android on a strong native Android foundation. Expert in Flutter and Dart with clean, scalable architecture (Clean Architecture with BLoC, Provider, and Riverpod), RESTful and third-party API integration, and CI/CD automation for Play Store and App Store delivery. A proven team lead skilled in mentoring, code reviews, and enforcing best practices, with recent hands-on work in computer vision and on-device machine learning.

CORE SKILLS

Languages	Dart, Kotlin, Java, C, C++
Cross-Platform & Mobile	Flutter (iOS & Android), Kotlin Multiplatform (KMM), native Android
State Management	BLoC, Provider, Riverpod
Architecture	Clean Architecture, MVVM, MVP
Backend & APIs	RESTful API integration, Laravel, Firebase, third-party SDKs
AI & Vision	Google Cloud Vision, ML Kit, image processing
Tooling & Practices	Git, CI/CD (automated Play Store & App Store publishing), unit testing, Sentry, AI-assisted development (Claude Code, GitHub Copilot)
Foundations	Problem solving, competitive programming

WORK EXPERIENCE

Envobyte Ltd. <i>Senior Software Engineer</i>	Jan 2026 – Present Khulna, Bangladesh
- Serve as Team Lead, managing and guiding a cross-functional engineering team while driving architecture and code-quality decisions. - Build AI-driven mobile features using Google Cloud Vision, ML Kit, and image-processing pipelines.	
MoveOn Technologies Ltd. <i>Senior Software Engineer</i>	Dec 2023 – Dec 2025 Dhaka, Bangladesh
- Built a cross-border eCommerce app in Flutter for iOS and Android, delivering a successful production launch. - Maximized device support on both iOS and Android, delivering top performance and user experience. - Applied Clean Architecture with BLoC to separate UI from business logic for scalable, maintainable code. - Implemented CI/CD pipelines to automate Play Store and App Store publishing, with error notifications via Discord and Sentry. - Mentored junior developers, conducted code reviews, and enforced documentation standards to improve team productivity. - App: play.google.com/store/apps/details?id=com.moveon.global	
Amreen Info Tech Ltd. <i>Software Engineer</i>	Mar 2021 – Nov 2023 Khulna, Bangladesh
- Developed an e-learning app in Java featuring live-streaming classes, an LMS, and an online book reader; integrated Zoom SDK customization for live classes. - Built a school-management app in Kotlin to streamline administrative workflows and improve efficiency. - Implemented Firebase Realtime Database for real-time messaging and push notifications via Firebase and OneSignal. - Apps: edutune · mojaru	
Ali2BD <i>Junior Software Engineer</i>	Mar 2019 – Dec 2020 Dhaka, Bangladesh
- Developed and maintained the Ali2BD shopping app using Java and XML for a seamless shopping experience. - Used Jsoup web scraping to fetch and display real-time product data. - Optimized app performance and UI for a smooth user experience.	

EDUCATION

BSc in Computer Science & Engineering — Daffodil International University, Dhaka	Dec 2015 – Dec 2019
HSC — Govt. M. M. City College, Khulna	2011 – 2013
SSC — Bajua Union High School, Khulna	2006 – 2011

CERTIFICATIONS

Professional Certification in Android Application Development — BITM (BASIS Institute of Technology & Management)
